TO THE THEATRE COERS OF PASCAGOULA

After personally witnessing a performance of the Ione O'Donnell Company at Mobile I went to an extra added expense in bringing this company to Pascagoula for Thanksgiving week, and can truthfully guarantee it to be one of the best it will be your good fortune to witness this season.

A. D. TRELOAR.

COIN CHRISTMAS SEALS.

Formal notice has been received by the Miss. Anti-Tuberculosis secretary that the Red Cross Christmas seal sale will be omitted for 1918. The Red Cross seal sale is annually conducted by the National Tuberculosis Association and State and local associations, under the auspices of the American Red Cross. The omitting of this sale is a war measure and is specifically for 1918. While the sale of the seals will be omitted the Christmas seal itself, which for so many years has been associated in the public mind with tuberculosis work, will not be eliminated. In accord with the plan formulated at Red Cross National Headquarters there will be at the Christmas season a campaign for membership to be known as the Red Cross Christmas Roll Call in which an appeal will be made for universal membership in the American Red Cross. To every purchaser of a one dollar membership, or more, will be awarded ten Red Cross Christmas seals contained in an attractive folder which will present some interesting facts concerning tuberculosis in its relationship to the war. The Red Cross Christmas Roll Call Committee will need all the volunteers possible to do their part if the universal membership is to be achieved. The State Secretary of the Miss. Anti-Tuberculosis Association is appealing to all agents who in former years have done such splendid work in the sale of the seals to offer their services to the local chapter Roll Call Committee for the coming campaign.

The financing of the National Tuberculosis Association and State and local associations has depended mainly on funds derived from the sale of the Red Cross Christmas seals. Recognizing this fact, and in consideration of the nature of the work done by the tuberculosis associations, and the importance of the work at this time the American Red Cross has appropriated \$2,500,000, payable to the National Tuberculosis Association to be used in tuberculosis work during 1919. The sum will be apportioned among the State Associations in allotments based upon the returns from 1917 sale of seals and in consideration of contemplated work for the coming year. Local associations will in turn receive support from the State Associations upon the same basis. The peculiar significance of tuberculosis work during war times, the care of the discharged tubercular soldier, and the problems connected with this disease intensified by war conditions brings into even closer relationship than ordinarily exists the tuberculosis associations and the American Red Cross. The Miss. Anti-Tuberculosis Association feels assured that every former Red Cross Christmas Seal Agent will lend his enthusiastic support to help attain the Universal Membership for the American Red Cross.

ONE WEAK SPOT Many Pascagoula People Have a Weak Part and Too Often It's The Back.

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night. Backache is often from weak kidneys. In such case a kidney medicine is needed. Doan's Kidney Pills are for weak kidneys. For backache and urinary ills. Pascagoula people recommend the remedy. Mrs. Walter Olson, School House St., Pascagoula, says: "Up until five years ago I suffered quite a bit with a dull, constant ache through the small of my back. My back was often so weak, I was sick from it. I knew my kidneys were causing the trouble, from their irregular action, so I took Doan's Kidney Pills, getting them at the Palace Pharmacy. A couple boxes of Doan's cured me and I haven't had a return of the complaint since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Olson had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

HALF MILLION TO FIGHT CHOLERA IN COUNTRY SOUGHT.

Jackson, Miss., Nov. 6.—Representatives of Mississippi in congress have been asked to favor an annual appropriation of \$500,000 to be used in hog cholera work in the United States by the Mississippi Livestock Sanitary Board.

P. P. Garner, commissioner of agriculture and chairman of the board, has written letters to every member of the Mississippi delegation in congress asking aid in this matter. Mr. Garner says in his letter that as hog raising can be participated in by every state in the Union and as cholera does much harm each little opposition to such bill would be found. At present Mr. Garner fears the work may be suspended on account of a shortage in funds.

Dr. H. L. Fry, federal agent who has been aiding the livestock board of Mississippi in fighting the disease, has done good work, very few cases of cholera being reported at present.

MISSISSIPPI DAY AND COUNTY FAIR.

On November 28th, we will hold our annual Mississippi Day and County Fair at the Vancleave school. We hope to make this one of the best fairs that we have had. The business men of Vancleave and vicinity have offered their means to enable us to give cash prizes for all agricultural exhibits. We therefore urge that all farmers bring in their best exhibits, and let's have a good fair. Exhibits from all parts of the county will be appreciated, and we especially want all of best 5 to be represented.

The purpose of Mississippi Day is educational. By bringing your exhibits here, you will be able to show others what you have done, and to learn what your neighbor has done. So, don't forget to come, and bring the best you have. The prize list has not been arranged, but appropriate prizes will be offered for the following: Best 10 ears of corn, best 5 stalks sugar cane, best 10 stalks of cane syrup, best peck of sweet potatoes, best peck Irish potatoes, best bale of hay, best peck rough rice, best peck cleaned rice, best bunch of rice on straw, best velvet beans, best turnips, best rutabagas, best box satsuma oranges, best 2 peck pecans, best bunch peanuts, best peck peanuts, poultry, eggs, butter, etc., and all other products that might be brought in.

There will be speakers for the occasion, and the most important feature of the day will be the basket dinner, which will be grown in Mississippi. All exhibits are required to be in the hands of the committee at Vancleave school house before 9:30 o'clock a. m., Nov. 28th.

R. L. FLURRY.

Softening Influence of Years.
There is something very beautiful in the softening influence of years on human character. While it is true that age is sometimes peevish, it is oftener true that men who have started on the down-hill stretch of life present their golden-ripe side to view, like a rich apple that has mellowed on the tree and taken its complexion from the sunshine that matures and beautifies everything in this lovely world.—Detroit Free Press.

Fashions in Humor.
A lady once suggested "Allee in Wonderland" to a steady-going matron. The volume was soon returned with thanks and with the explanation that what was wanted was something "light," not all those puzzles. Unquestionably, there are fashions in humor.

Keep It Anyway.
"If you have a good temper—keep it; if you have a bad temper—don't lose it."

Brand-new flags float over the United States Immigration Station on Krebs Avenue. The service pennant represents the various avocations of labor and is a very attractive flag. Inspector Martin Turnbull, in charge of the Pascagoula office, is bending every energy to enforce the Immigration Act of February 5, 1917, requiring alien seamen to appear for manifestation. Too much care cannot be given the enforcement of the alien contract labor law, remarked Inspector Turnbull, especially under present conditions. The shipyards are inviting fields of choice employment and much attention should be given to the alien who gives up his calling or profession of seaman to seek and find work on the yards. He should be made to enter the United States under the regulations prescribed in Rule 10. Seamen. The permit system in vogue renders it almost impossible for foreigners to gain admission before the proper inspection is held, said the Inspector.

Hemp Tree's Many Products.
The hemp tree is one of the most versatile plants in the world. From it comes, besides rope and wrapping paper, the drug hashish, called by its devotees "the joyous," obtained by boiling the leaves and flowers with fresh butter; a valuable vegetable oil, a cake used by the farmers for their stock, and the finer varieties are used for cloth, coarse laces and braids. A great deal of the seed is exported for canny seed.

—W.S.S.—
A certain Son of Erin, walked into a jewelry store recently and expressed a desire to buy a clock. After looking at several he asked the price of the one that impressed him most favorably. The clerk told him 25 dollars. "Phwat's that? Twenty-folfe for that ting?"

"But," said the clerk, "you must bear in mind that it is an eight day clock. It will keep running for eight days without winding."

Pat mused a moment and then said, "Well, if that ting runs for eight days without winding, how long does it run if it's wounded-up?"

Quick Work.
Overheard at a county fair: (Intoxicated Man gazing in open-mouthed astonishment at an incubator just placed in floral hall and in which the chicks are beginning to hatch)—"These here incubators just beat anything I ever saw. I give you my word them eggs haven't been in here an hour and they are hatching already."

—W.S.S.—
Mrs. Cecilia Scott and little daughter spent this week with relatives in New Orleans.

Optimistic Thought.
We must calculate not on the weather, nor on fortune, but upon God and ourselves.

Not Originally Military Title.
General, the noun, and the adjective general, the antonym of particular, go back to the Latin generalis, meaning belonging to a race or kind, and itself tracing to genus general, from gignere, to beget. Generals in Caesar's and Pompey's day had nothing to do with the army; the Roman general was an imperator. The title general primarily means an officer holding a general command.

Wants to Get Even.
"When a lazy man has to work," said Uncle Eben, "the first job he wants is out of a policeman to keep other folks from violatin' antebellum laws."
